

CYFERD

BE PART OF THE JOURNEY TO DISRUPT DIGITAL TRANSFORMATION

The Partner Landscape

Almost every industry has recognized the need to embrace digital transformation to increase operational agility and to meet increased demand for digital services. There are several current roadblocks to traditional digital transformation, such as the inability to return expected business value, the difficulty of shifting organizational culture to accommodate rapid change, and the difficulty of retaining specialist talent.

That's where Cyferd comes in. Our Platform as a Service enables users to create operational apps for their business leveraging no-code development technology, on a secure enterprise platform in the cloud. Our platform is designed to accelerate digital business transformation, removing the complexity, and placing business solutions that meet their needs within reach for enterprises.

We're looking for visionary companies who want to join us on our journey of disrupting digital business transformation; Cyferd partners will be early adopters of technology that will help define the next generation of digital transformation. Are you ready?

Why Partner with Cyferd?

We're taking the tech industry by storm; the Cyferd platform is innovating the way that businesses create solutions unlike anything else on the market right now. By partnering with us, you'll be able to offer your customers a platform solution that will completely change the way they approach digital business transformation.

As we continue to grow at an unprecedented rate, we will work to form tight alliances with early adopter partners who will be able to command higher earnings due to the breadth of professional services in relation to the Cyferd platform, such as providing business analysts, implementation & maintenance services, and reselling the platform.

The Perks

Some of the perks of partnering with Cyferd are:

- **Experienced leadership:** our partnership team has years of collective experience in working with channel partners from all over the globe. We can comprehensively and efficiently facilitate solutions for our partners through open, transparent lines of communication
- **Sales enablement:** we'll provide all the necessary resources for selling and deploying Cyferd's solution, whether it's webinars, slide decks, videos, or more
- **Technical enablement:** Problem-solving is our forte; we work closely with our partners to offer technical support in every aspect of reselling
- **Sales support:** The Cyferd team works closely alongside partners to identify opportunities in the field to deliver customer success
